August 2019

Dear Ministers Donaldson and Heyman,

**RE: SAND CREEK FOREST SERVICE ROAD**

The Sand Creek FSR was recently inspected by BFWSS.

This road has not been properly maintained for many years and as a result is presently badly washed and scoured by uncontrolled water flow.

Due to the steep terrain and the soil type, there is the potential for a major environmental disaster, which could affect Sand Creek and downstream properties.

This issue has been reported to Compliance and Enforcement as immediate remedial action is required.
